Professional Profile:

I have over 8 years of illustration experience, working on a wide range of projects locally, nationally and internationally. My quirky illustrative style, of which humor and facial expressions are a large element, is produced digitally, using adobe illustrator. I have experience with product design for toys, apps, games, and children's books. I take critique well and I'm able to easily adjust artwork and style when given feedback on it. I have great communication and organizational skills, and I'm able to work well both in a team and independently. I always strive to deliver the best for my clients and can always work to deadlines.

Technical skills:

Software: Adobe illustrator, Adobe Photoshop, Adobe premiere pro, Final cut,

Illustration: Retro illustration, vector illustration, flat graphics, icon creation, web graphics editorial illustration, animation graphics, character design, children's illustration, activity books/packs/sheets, educational materials, mascot creation, branding, isometric illustration.
