Specialising in character design, gameboard design and artwork.

I really enjoy illustrating and designing children's games.

I've clocked up quite a few now including Battle Decks, Hotel Las Vegas, Tumblin Monkeys, Feeding Froggies, Quackshots, Splobs, Tumba, Pizza Topple, Hook a Fish, Pig Tails, Turtle Shells, Discovery Garden, Battle Tops, Monkeying Around, Wiggle Giggle Caterpillar, Wok n Roll, Honey Bee Tree, Musical Melody Maker, Walk the Dog, Ghost Tops, Frog Tennis, Pop up Pirate Treasure Island, Pop up Pirate, Pop up Pirate Electronic, Rumble in the Jungle.

I've produced artwork for many of the top players in the games and confectionary market including Hasbro, Mattel, Ravensburger, Interplay, Softplay, Tomy, Nestle, Cadbury, Icandothatgames, Toblerone and Kinder.

another strength I have is the creation of memorable characters. Please see my website and particularly the Hot Frog Blog to check out the 100's of characters created.
